PROFILE

I am an enthusiastic, passionate and detailed oriented Front-end developer with a strong foundation in various web development technologies. I am a growth minded and focused person. I have dedicated myself to become a better developer than yesterday. I wish to surpass those who are already ahead of me. I will prove myself to be a great asset to my employer organization.

PROJECTS

MOVIES GALLERY   DEMO

- Leveraged **React Js** library to build reusable components and established multiple routes using **react-router-dom**, enhancing navigation and app structure.
- Utilized **Tailwind CSS** framework to style the application, ensuring responsiveness across.
- Seamlessly integrated **RESTful API** using **Axios**, enriching the app with dynamic data.
- **Handled** making **excessive API calls** caused by **Infinite scroll** in two **routes**.

BLOG GENERATOR   DEMO

- Leveraged the **React.js** library to construct reusable components and react-router-dom for navigation.
- Employed the **Tailwind** CSS framework to style the application, ensuring responsiveness across devices.
- Seamlessly integrated the **Axios** library to incorporate the **openAI** API, enhancing the app's functionality.
- Ingeniously implemented the **openAI** API to **generate dynamic** blog content, showcasing innovative utilization of technology.

CURRENCY GLOBE   DEMO

- Utilized **React JS** library to build the app in components and **Tailwind CSS** framework for styling the application and making it **responsive** across different devices.
- Established multiple routes using **react-router-dom**, enhancing navigation and app structure.
- Integrated **RESTful APIs** using the **Axios** library, enhancing the app's functionality.
- Implemented **theme color change** feature utilizing **Redux Toolkit**.
- Implemented last 7 days currency exchange rate data in **chart** format leveraging **d3.js** library.

EDUCATION

Bankura University

Bachelor of Arts - English Hons.

2020 - 2023

ACHIEVEMENT

Ranked 4195 in JEXPO 2022.

Learned Python basics in consecutive 2 days.
